

Double Your Value Agreement

If your monthly commission check is less than \$100.00 you qualify to participate in the **Double Your Value** program.

Instead of receiving a monthly commission check, you can elect to receive credits to purchase Univera products (excluding sales tools) at double the value of your net commission check. For example, if your commission check is \$50, you may choose the equivalent of \$100 in Univera products at the Wholesale prices.* **To qualify you need only to be active on Convenience Plan at 40 BV or more—and sign below.**

Program Details—

1. You will not receive monthly commission checks, but will receive credit to purchase Univera products at double the value of your commission check as described above.
2. You must be active on the Convenience Plan to participate in this program.
3. A 30-day written notice is required to cancel this agreement. Credits have no value unless they are redeemed for Univera products, and they may not be exchanged for cash or a commission check at any time.
4. No BV will be earned for any products(s) purchased on the “Double Your Value” program.
5. “Double Your Value” credits may be applied to product, sales taxes, and shipping and handling charges on your “Double Your Value” orders only.
6. If you have credit left over from the purchase of the “Double Your Value” products, you may apply it to the purchase of one more Univera product at the “Double Your Value” price. This must be a single product only, not a product set or pack. You must pay the difference between the credit allowance and the total of the “Double Your Value” order.
7. You may accumulate commission check credits for up to 12 months before using them to purchase products; however, each month’s credit expires after 12 months. For example, you must use the credit received for October’s commission check to purchase “Double Your Value” products by October of the following year.
8. Returns. Products(s) purchased will be credited at the “Double Your Value” invoice price. In addition, returns of like products that were purchase at full price will be credited at “Double Your Value” invoice price until all “Double Your Value” products are accounted for. For example, if you apply your credit towards two boxes of Ageless™ at the “Double Your Value” price, but return four boxes of Ageless™ that were purchased at full price, you will receive the “Double Your Value” invoice amount for the first two boxes that are returned and regular price refunds for the second two boxes.
9. You must call Customer Care at 1-877-627-4787 to place your order. Online processing is not available at this time. When you call to place your order, you must identify yourself as ordering on the “Double Your Value” promotion (In order to double your commission value). Univera is effectively selling products to you at half price.

*Please note that in order to comply with accounting requirements, your “double commission value” will be reflected as product(s) purchased at half price. “Double Your Value” is base on your net commission check.

By signing below, you understand and agree to the terms and conditions of the “Double Your Value” program as stated herein. Please fax this completed form to 1-877-627-4747.
