

Inthinity[®]: MetaPower[™]

Access fat for energy. While dieting most people feel exhausted because they are robbing their bodies of the essential building blocks to produce energy. MetaPower[™] helps to maintain the ideal balance of essential fats to optimize fat burning and energy production. It is now known that a critical balance of essential fats in your diet dramatically influences whether your body burns or stores fat.

Each one gram soft gel capsule contains one gram of fish oil (DHA and EPA) which, when combined with Coenzyme Q10, will help you access that stored fat and turn it into energy.

- ▶ Supports healthy brain function*
- ▶ Provides immune support*
- ▶ Supports healthy weight management*

Suggested Use: Take 1 softgel three times per day, preferably with meals (may be taken together).

Warning: Not intended for pregnant or lactating women. As with all nutritional products, consult your physician before using this product if you are taking medications. **KEEP OUT OF REACH OF CHILDREN.**

In over 30 years as a specialist in internal medicine, I was never very impressed with the natural products arena. My patients were confused by all the hype and I was concerned by the lack of rigidly controlled science. Univera changed all that. I'm delighted with the research and my patients are amazed by the results; the best of both worlds.
